

PSMA Energy Storage Committee Meeting Minutes 3 Nov 2021

Attendees:

John Horzepa, Fred Weber, Patrick LeFevre, Ada Cheng, Ed Herbert, Eric Schneider, Juan Carlos Balda, Shafi Khadem, Dines Kithany, Michael Hayes

Discussion:

Most of the meeting revolved around compiling and expanding the speaker list for the APEC 2022 Industry Session. The committee has been granted a 7 speaker slot on Wednesday Afternoon, March 23rd, 2022.

Some of the actions people have taken, or will continue to take are:

- Ada C. has tried to contact Dr. Becker, but to no avail. She will continue to contact her.
- Patrick L. will try to get Peter Wasmuth or someone from Polarium on board.
- Ed H. will contact Dr Kularatna for a possible supercapacitor talk.
- Fred W. says that Richardson will likely want to present about their new supercapacitor product. He will follow up with them to get a commitment.
- Juan Carlos B. will connect us with Brian Rowden who can talk about fast chargers/fast charging.
- Eric S. will follow up with Stan Atcitty from DOE to gauge his commitment.
- Eric will also contact the Energy Management Committee to see if Adel Nasiri might become available for a presentation if he gets bumped to backup status for there is.
